OF GRADLE AND MAVEN

PIOTR PASZTOR

JAVA DEVELOPER

PORTFOLIO

xEssentials

 [TheTuso/xEssentials](#)

Simple Minecraft Server utils plugin written with Paper api.

xEntities

 [TheTuso/xEntities](#)

A plugin for minecraft servers that allows you to add custom entities to the server using resource packs. The project is still under development.

xCore

 [TheTuso/xCore](#)

Backend server plugin written in Java using Paper api. I used MongoDB and Redis here.
